Sunday – The Principle of Light

- God brought forth light on the first day. Contrary to popular belief, God who is light, did not create light on day one rather He let the light from Him be sent into the cold, bitter darkness that was ruling in the earth at that time
- Light combats darkness. Light is at the foundation of everything—this is why God used light first before anything else. Light is a conduit of healing, encouragement, power, discernment, revelation and knowledge, connection between God and man, and what allows us to distinguish what is real from what is false. Light guides and leads us into righteousness and greater proximity with God, allowing us to be near or remain in His presence; it attracts God towards us. Light exposes either to cause healing or to bring that which is being exposed to the judgment seat of God for *Him* to exact vengeance
- Light causes to be consecrated from the “other than”, and it allows us to consecrate what is of God back unto God. We are the light of the world because the one in whom we reflect and in whose image we’re made is the light of the world
- PRAYER & INTERCESSION FOCUSES:** Demonic darkness; darkness that lingers outside of its assigned timeframe (Genesis 1:2-5); deception; concealing of truth; knowledge devoid of God; corrupt/illegal revelation or knowledge; false signs and miracles; pride in self; pride in one’s ability; an inability to form covenant relationships; inverted fathering; oppression; depression; wickedness; vileness; pharmakeia; opposite of; anti; inversion; enmity (with God, man, and/or nature); desert; witchcraft; ineffectiveness; ineffectualness; anarchy; lawlessness; genetic mixing; confederacies; gross science; blindness; reprobate; Babylon; Satanism; deafness; hatred

Monday – The Principle of Atmosphere

- God created atmosphere on the second day, which has a dual nature, serving as a shield (protection) from outer influences or inner influences, and it, also, ushered in hospitality for life on the remaining days
- Science states there are five primary levels of Earth’s atmosphere with a total of seven. Each level dictates the temperature of air or soil, allowing the symbiotic flow between atmosphere and environment. Atmosphere also releases gases that are responsible for the maintenance and reproduction of life. We have dominion over the atmosphere to transform the environment to sustain life
- We have authority to command the airwaves around us to listen to our distilling (prophecies). Listening is hearing with action—it means that air, water, weather patterns, etc. must obey what we say. Of course, our speech cannot be idle or vain, yet there remains a grave power God permits in man to command nature (see Deuteronomy 32)
- PRAYER & INTERCESSION FOCUSES:** Toxic air or water (natural and spiritual); storms that will devastate; darkness occupying outside of its assigned timeframe (God set a boundary for darkness calling it night, which is meant to rotate with day); predator spirits (human and demonic spirits); evening wolves; disharmonious environment with the design established by God; demonic assignments (these emit through the airwaves); demonic structures (these are established on the waters); infirmities; deficiencies; malnutrition; inhospitality; crime; spousal abuse;

Prophetic Declarations and Intercessory Highlights

child abuse; thievery; unintelligence; bondage to familiarity; tumultuous weather (sent by demons); co-dependency; enablement; depression; sadness; idolatry (idolizing others with the absence of knowing your own worth); hormonal imbalance; hypothyroidism; diabetes; chronic fatigue syndrome; impassivity; indifference; cowardice; flattery; works-mentality; an abundance in defaulting to “blue collar” work; hyenas (group assault; slander that tarnishes [leaves scars]); little access to what is most beneficial, healthy, or safe for the body; hindering of common, practical needs; defamation; lackey; ungratefulness; inability to see blessings; capitalizing on natural resources or goods to reduce numbers of people

Tuesday – The Principle of Life

- God reintroduced life on the third day and blessed seed to produce more seed. This means there is a multiplication anointing that follows. More so than life and a multiplying, God expressed vibrancy through types and colors on this day—there was a coronation of majesty and splendor
- We have the ability to coronate Jesus as the majestic one who reigns in splendor that should transcend to generations, to be expressed by both man and land. This is what David did as he commanded nature to praise God (see Psalm 148). This is also what one psalmist meant as he stated the fields rejoice and the trees clap their hands to worship God. It is the seating of Jesus as Chief Governor over all
- Life is rooted in He who gives life; therefore, whatever is opposed to life must submit to the government of Jesus; subject to discipline and reproof. In life there are laws that causes more life. For example, plants take in the sun’s light to use photosynthesis for its growth in which it releases its fruit or uniqueness to the environment. The seeds that produced said plants can be “reused” to perpetuate more life. This is known as the law of redemptive death—why Jesus had to die for us and what He wrought, His inheritance from His death—life everlasting to those who believe in Him
- **PRAYERS & INTERCESSION FOCUSES:** Nature to respond to the process of life (see Genesis 1:9-13); rationalism; fruitlessness; subtraction instead of multiplication; inability to discipline; gateways to hell; abortions; immoral laws; enthroning Satan; bloodshed; death; fear of death; infirmities; Babylon; deformities; distress; emotional imbalance; withering; fading; agnosticism; weariness or sorrow; blocked resources, drought, or famine; stirring the ravenous nature of locusts and canker worms that devour; dread; counterfeits of the Trinity; Egyptian heresy; shame; sin sickness; imprisonment; sons of Greece; sagacity; monastic-mentality; religious spirit; gangs; mafias and mobs; sexual assault; stifling Holy Spirit; Leviathan; Old Covenant-mindset; inability to father

Wednesday – The Principle of Time

- Time came byway of day one and the principle of light. Scientists say there is no such thing as *time* or *space* rather it is *space-time* or *time-space*; the two are one in the same and cannot be separated or viewed differently
- God expects His people to master time-space as He outlined on the fourth day of creation; in mastering this concept we govern over the things in the earth. This is the precursor of stewardship. We have the authority and the right to command whatever is existing not to exist or what isn’t existing to exist; to cause that which should be sped up ahead of its season to possess at a specific timeframe or to cause to slow down in order to savor (see Joshua 10:12).
- Another element of this principle is to have mastery of wisdom. Wisdom has seen Jesus eye to eye and face to face. This means we have the right as heirs to be in His presence, seeing His glory so that we can bring His glory back into our time-space where all is transformed by the glory with which we have returned. “Time” is first vertical, which allows heaven to intercept; consider intercession (see Genesis 18). “Time” is then horizontal, which brings a people, a people group, nations, and the world into the glory of Jesus (see Exodus 19 and Matthew 28:19-20). This allows time to be redeemed so that all the benefits meant or concealed are now inherited, experienced, and revealed
- **PRAYER & INTERCESSION FOCUSES:** Defiled time or space; corrupted time or space; divine counsel as opposed to old wives tales; sound advice as opposed to fallacy; wisdom as opposed to indiscretion; psychic reading; astrology; palm reading; tarot card reading; occult ceremonies practiced by a coven of witches; perversion; inability to listen to the voice of the Lord; inability to hear Spirit of God; brass heaven; false advising that has impeded, mislead, or twisted; false advising that has stirred rivalries and wars; ignorance; to stupefy; mesmerizing; enchantments; curses (soothsaying which deter blessings); war in the heavenlines against God’s people; demonic high ranking ruler that is opposing (person(s), time, an area); misperception; improper judgment (fleshly or by unawareness); portals to hell; lacking reality; delusions; delusions of grandeur; schizophrenia; DID; amnesia; demonic gateways; defiled ley lines; bondage to the past; dementia; Alzheimer’s; trauma bondage; imbalance (this leads to injustice); the opposite of sanctification; inability to deem anything “special”; overcommitment; false lines of symmetry (connecting to the second heaven); false interdimensional communication (entertaining familiar spirits); insufficient “time” to develop one’s skills (in order to grow); rebellion towards God due to failure to rest (because you’re too busy; no time to spend in His presence); age of Aquarius; horoscope

Thursday – The Principle of Blessing

- Everything God created during those initial days of the heavens and earth were sealed with “It is good” or “It is very good”. However, the fifth day was the first day God blessed, thus the principle of blessing derives
- God blessed the animals to mate and reproduce, which means He affirmed and institutionalized sex and generational life to resemble the parents. This speaks to heritage; procreation; nurturing; family; inheritance; the joy of marital sex
- Blessing is more than wishing someone or something well; it is God’s very own affirming and approval of. It’s likened to a king’s seal—what is said or has been written down cannot be undone or overturned. In blessing is covenant
- **PRAYER & INTERCESSION FOCUSES:** Broken/corrupt covenants, treaties, contracts; divorces; poor parenting; fatherlessness; robbery; indifference towards widows and orphans; loneliness; depression; adultery and whoredom; lasciviousness; wastefulness; stinginess; territorial nature; hatred towards one’s brother/neighbor (see Cain); cursing; freemasonry; secret societies; demonic strongholds; bondage (opposite of deliverance); curses on land; curses on harvest; crop failure; financial disarray; curses on momentum; curses on resources; demonic resistance; failed health; welfare mentality; inability to see/tap into resources; demonic oppression; unjust judicial laws; crooked leadership; Leviathan; vagabond; dissident sounds; inverted frequencies; capitalism; business failure; poverty; absence

Friday – The Principle of Synergy

- On the sixth day, God brought forth land animals and the first human being; and He gave a commandment to the human being He’d not given to animals or to nature or to atmosphere. Man was quite unique, purposed to govern, rule, and steward. This authority was never meant to be separate from God as in deism which could lead to atheism; it was also meant for man to reflect in Earth what He saw God do and say and establish in heaven—this is synergy, the merging of heaven and earth, which has always been God’s heart
- Synergy has the authority to subdue rebellion and generate freedom of expression, both on an individual level, as well as collective. Freedom of expression is the absence of binding someone, a people group, or a nation from their God-given rights, inheritances, and personal giftedness that makes them *them*, that brings the full expression of Creator into the earth because there’s a piece of His nature slightly to majorly different in all of His created beings
- The human being was made to synergize with all creation prior his formation, create symbiosis, and bring creation to its fullest potential. We still have yet to tap into this because we misunderstand harmony, dominion, and domination. Our very presence should cause ravenous wolves to halt in their tracks and reconsider their plans. We should be able to speak to the seed of an apple, tell it to grow, and it grows. Lions and lambs should be able to be in the same vicinity and the lamb have zero fear while the lion has zero desire to ravage. We should be able to diffuse human arguments and offenses with the tone of reconciliation because at the end of the day I cannot make up the body of Christ alone—this is harmony and this is where we need to make tremendous strides. To walk out of this mindset and these behaviors we simply remind ourselves we are not conspirers with Satan who controls people instead we are partners with and imitators of Jesus who empowers people
- **PRAYER & INTERCESSION FOCUSES:** Bestiality; barbarianism; Nimrod; the Pharaoh; predator; bondage; slavery; institutions of evil; conniving; underhandedness; partiality; savagery; diva; Jezebel; Baal; God’s judgment; cold-heartedness; brazenness; friendless; brother-less; conspiring; hidden agendas; terror; terrorism; dissensions; selfish ambitions; murder; strife; incest; superiority; czarism; violation of rights; violation of human rights; depravity; Darwinism; violence; violent murders; domination; masochism; captivity; fear of traveling; fear of embarking on one’s mission; trauma on land; covert operations; humanism; mythology; false structures (such as the statue of Liberty); inability to love; disobedience; dishonor; disobedience to the first commandment; punishment for religious beliefs; extermination of royal seed; infanticide; embezzlement; capitalism; disregard for God; blinded loyalty; broken covenants; perversion of righteousness; suppression of another’s ability; desecration; war torn; mass destruction; usurping; bribery

Saturday – The Principle of Presence

- Very similar to the principle of atmosphere yet has its own uniqueness. Presence is who we are and what we carry. Unlike with the principle of atmosphere where we command or have dominion over x, y, z, the principle of presence is what is already resident with in us or a place, and the ability to magnify and spread abroad so that transformation occurs
- This outshines what the Levites’ call was—to be carriers of the Ark of the Covenant, the literal presence of God. *This* is to be the conduit itself in bringing God’s presence and holiness into whatever environment and there be a submission to His presence. It’s like being a human shofar or a walking portal. It is oneness, perfect union
- On the seventh day, God was with His creation—man, animals, and nature. His presence transcended Creator and was now known as Father where there is relationship and connection; intimacy

Prophetic Declarations and Intercessory Highlights

- **PRAYER & INTERCESSION FOCUSES:** Defiled cities, lands, and portals; closed off/concealed portals or unawareness of the city's or land's gift, if known, it is unknown how to access it; profanity (see Aaron's sons); indecent, unfit behavior for royalty/leaders (see Eli's sons); tolerance of sin and evil; mixture of holy and profane; religious mindset; mediocrity; barrenness; marginalization; spiritual pride; inability to confront wrongdoing/unsanctified mercy (see Judges 21); syncretism; euphoria; universalism; enmity; incompatibility; disagreeableness; uninhabitable; dejection; rejection; superficiality; exteriority; indifference; indecisiveness; lacking mercy; lacking wisdom; rebellion; false creativity; occult interests; witchcraft; living from the soul (Christians); living from the unredeemed soul (non-Christians); mediumship; seeking revenge; resentment; bitterness; wallflower; heritage-less; political spirit; iniquity; inversion; disunity; egoism; narcissism; covetousness; avarice; answering/yielding to none; Jezebel; Ahab; aura; surreptitiously cloaked; demonic phenomena; phantasms; poltergeists; accursed objects; zeitgeist (spirit of the age); weltgeist (spirit of the world); volksgeist (spirit of the nation); age of Aquarius; ambivalence; alienation; familiar spirits; eunuchism; bastardry; false identity
